Farnsworth Electronics, Inc. is your complete source for quality electronic components; backed by a sales staff that possesses product knowledge, with prompt delivery and very competitive pricing. Our family owned business is located in the heartland of America, Waterloo, Iowa and we carry over 250 brands with over 10,000 square feet of inventory, serving our customers since 1922.

For the best in electronic parts and supplies, your only call should be to

Farnsworth Electronics, Inc. Everything you Need...Everything you Want.

We have no minimum order, delivery for stock items the same day, no minimum quantity, no minimum annual purchase, and we can provide drop shipping on many products.

Remember us when you purchase from larger, national catalog suppliers because we can usually match or beat the competitors pricing and delivery. If there's a brand or product that you don't see listed, please feel free to give us a call and we'd be happy to give you a quote.
